

January 22, 2020

Dear Mayor Neitzke, Committee Chair Renee Rollman, and Members of the Bee City USA Committee,

Congratulations! Bee City USA® is pleased to inform you that we received your signed resolution adopted December 3rd, 2019, your final application, and application fee, and have concluded that your community has met the standards for certification as a Bee City USA affiliate.

If we take care of the pollinators, they will continue to make our planet bloom and provide us with a diverse array of fruits, nuts and vegetables. Indeed nearly 90% of the world's flowering plant species rely on animal pollinators for reproduction.

Your community has been listed along with the other affiliates at <https://beecityusa.org/user/greenfield+wi/>.
